

How to link your facebook login to your PG user ID:

- Login with Facebook allows users to login to parental.guidanceguide.com using facebook instead of remembering guidanceguide specific username and password.
- Facebook credentials are NOT stored with parental.guidanceguide.com, instead Facebook sends a message to our website telling us that you are logged in and we can let you into our website.
- In order to set this up, you must link your existing PG account. Go to the settings icon menu and choose “General”:

- Click the Login Button next to “Facebook Integration”

General Settings

✓ Settings were successfully saved.

Email Address: jennifer@guidanceguide.com

Profile Address: chiefmama

Facebook Integration: Linking your Facebook account will let you login with Facebook.

Login

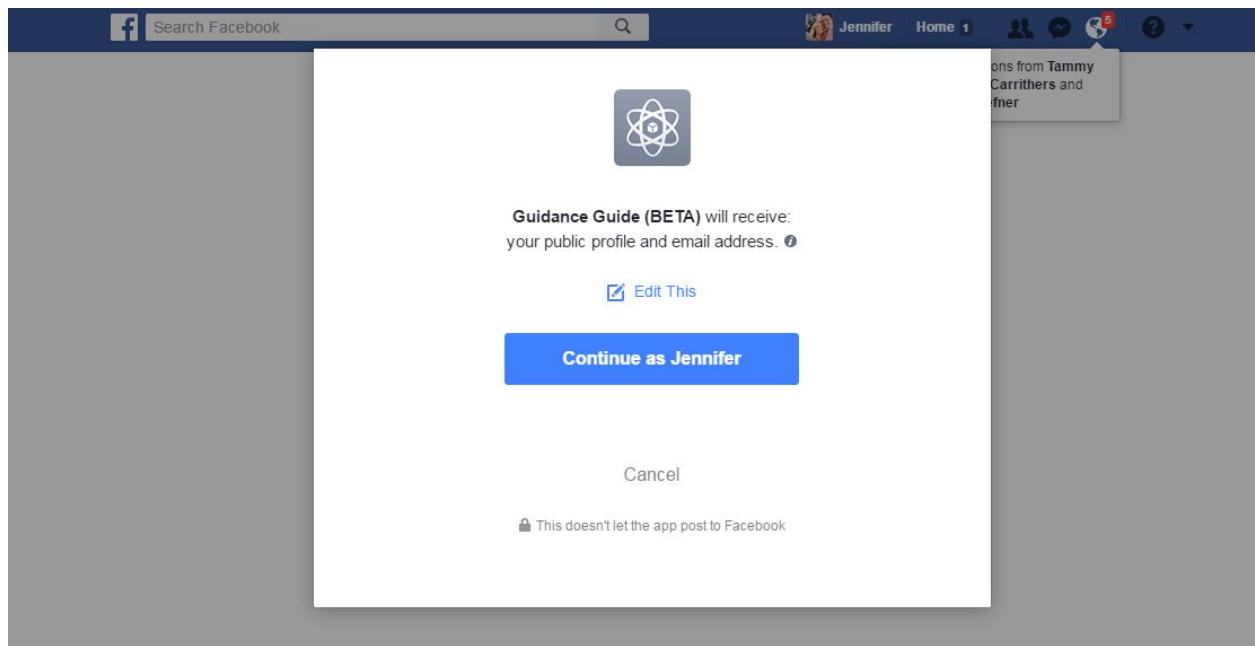

Timezone: Select the city closest to you that shares your same timezone.

(UTC-7) Mountain Time (US & Canada)

Locale: Dates, times, and other settings will be displayed using this locale setting.

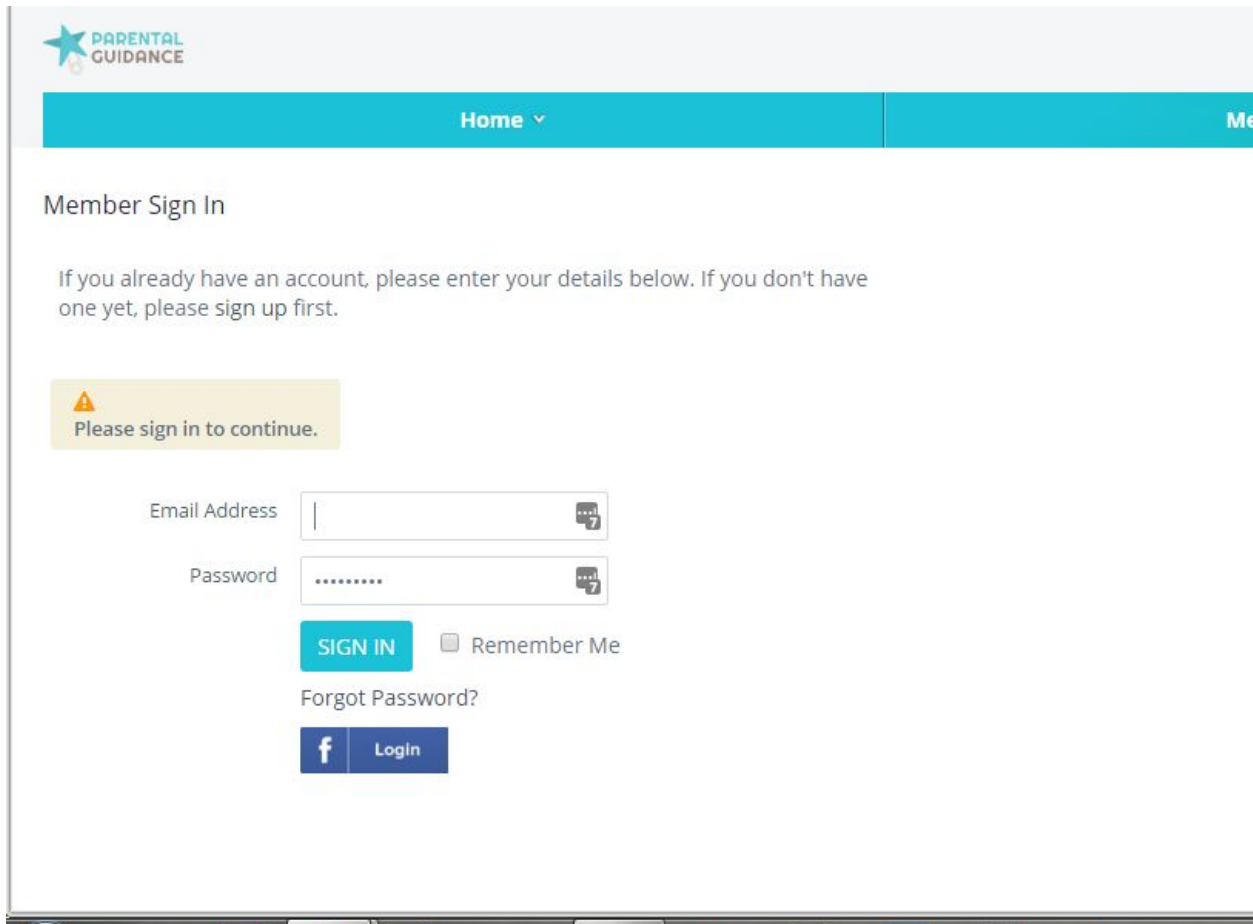

English

- You will be redirected to the Facebook website. Guidance Guide (BETA) asks for permission to use your information for authentication.

- Click "Continue as <your name here>"

- THAT'S IT! Next time you login to PG, click the Facebook icon instead of using your username and password. (Just make sure you link your account FIRST!!!)

The screenshot shows the Parental Guidance website's login interface. At the top left is the logo with a star and the text "PARENTAL GUIDANCE". A teal navigation bar contains the word "Home" with a dropdown arrow. Below this, the heading "Member Sign In" is followed by a message: "If you already have an account, please enter your details below. If you don't have one yet, please sign up first." A yellow warning box with a triangle icon contains the text "Please sign in to continue." The login form includes an "Email Address" field, a "Password" field with masked characters, a teal "SIGN IN" button, a "Remember Me" checkbox, a "Forgot Password?" link, and a Facebook login option with a blue button featuring the "f" logo and the word "Login".

- If you want to remove the linkage to your facebook account, uncheck the "Facebook Integration" box under General Settings.
